Vadodara, Gujarat, India

Summary

Motivated and enthusiastic Computer Science undergraduate with a solid foundation in programming and problem-solving. Passionate about exploring new technologies and applying them to real-world challenges. Eager to contribute to impactful projects and gain practical experience through internships. Skilled in effective team collaboration and committed to continuous growth and learning in the tech industry.

Technical Skills

Languages: Java, Python, JavaScript, C
Frameworks/Tools: Node.js, Express.js, React, Tailwind CSS, Git, Github
Databases: MongoDB, PostgreSQL, MySQL

Experience

Full Stack Developer Intern, Axamine AI

Remote – Vadodara, India

May 2025 – Jul 2025

- Built and maintained full-stack web applications for AI-powered projects, delivering production-ready features in an agile environment.
- Developed responsive user interfaces with React, reducing frontend bugs and improving user experience.
- Integrated AI-powered modules into the existing stack, automating key workflows and improving system efficiency.
- Contributed to **DocDynamo**, an AI-powered documentation assistant, by engineering scalable frontend components in React.
- Implemented responsive UI with Tailwind CSS and optimized API integration with Axios, ensuring seamless data flow and faster rendering.

Projects

Akashic Records – Centralized Entertainment Hub | *React, Recoil, Tailwind CSS*

- Built a centralized hub for movies, series, and anime with a unified entertainment experience.
- Integrated TMDB and Jikan APIs to dynamically fetch trending movies and anime content.
- Managed complex state dependencies and asynchronous data fetching efficiently with Recoil.

News Summarization Chrome Extension | *JavaScript, HTML, CSS, NLP (BART-CNN)*

- Built a Chrome extension that generates real-time news article summaries using the **Facebook BART-CNN transformer model**.
- Delivered concise key insights directly within the browser, enabling faster content consumption for users.
- Designed a lightweight, user-friendly interface with seamless in-browser integration.

Strengths

- Problem-solving mindset with strong foundation in algorithms and real-world software development.
- Collaborative team player with proven experience in hackathons and remote internships.

Extracurricular Activities

- Participant – **AI/ML Hackathon 1.0 (myOnsite)**: Developed a Chrome extension leveraging NLP (BART-CNN model) for real-time news summarization, showcasing practical AI application.
- Part-time Editor at **Otaku Mantra**: Designed and edited creative content for social media and products, strengthening branding and audience engagement.

Education

Parul University

B.Tech in Computer Science and Engineering, CGPA: 8.87/10

Sep 2022 – Present
